June 30, 2005

Bob Bronson WZID Radio 500 Commercial Street Manchester, NH 03101

Dear Mr. Bronson,

For more than 85 years, companies interested in making an *investment* in the future global workforce have been doing so through their support of Junior Achievement. They realize that JA provides the foundation of life-long tools for success and by getting *involved* they can *inspire* students to achieve a future where their dreams can become reality.

Today's JA experience is defined by the energy that occurs when passionate volunteers bring business to life for students of all grade levels, kindergarten through high school. This experience is measurable and memorable, both for the student and volunteers.

On behalf of Junior Achievement of New Hampshire, I would like to thank you for allowing *Deb Daigle* the opportunity to become part of the JA experience during the 2004-05 school year and for making a difference in the education of New Hampshire students.

Invest. Involve. Inspire. Three words that will make a difference.

Sincerely,

Deb Janoff, Program Manager

May 25, 2005 Dear Deb.

Thank you so much for your time of dedication in covering this dinner as well as giving us so much publicity lately. Howing your help of everyone from WEID has been so wonderful and appreciases.

all yold. Habin Whilgree Vinera of Developments
